

# *glowing* **POTION BOTTLES**

**Make your own magic**

**Create a bottle that looks like  
it's filled with a spooky  
glowing potion**

## Supplies:

- Colorful water beads
- 5 ml syringe (no needle)
- LED submersible light
- Bottle

## Instructions:

1. Soak your water beads overnight (**Fig. 1**)
2. Remove the plunger from the syringe and fill with water beads (**Fig. 2**)
3. Insert the plunger into the syringe and push water beads into jar (**Fig. 3**)
4. Repeat steps 2 and 3 to fill the bottle with the squished water beads.
5. Twist the light to unscrew it, then remove the paper under the batteries. Twist it back together and turn it on.
6. Insert bulb facing downward into the bottle (**Fig. 4**) and seal with the stopper
7. Turn the lights off to really see it glow!
8. Remove the stopper and twist on the bottom of the light to turn it off when not in use.
