

DIY SNOWGLOBE ORNAMENT

SUPPLIES:

- Clear fillable jar ornament (I found these at Dollar Tree)
- Bottle brush Tree
- Miniature reindeer (or anything else small you want on the inside)
- Fake snow
- Hot glue gun & glue sticks (preferred)

INSTRUCTIONS:

1. Unscrew the bottom of the ornament
2. Test the placement of of your miniatures.
3. Using hot glue, secure your miniatures to the lid.
4. When glue has completely dried, pour fake snow into the jar. (You can pour it on a piece of paper, then funnel it in to make it easier!)
5. Screw on the lid, then flip it over to let the snow fall over your scene.
6. Hang it up!
