To: City of Stayton Staff and Stakeholders  
From: Keith D. Campbell, City Administrator  
Date: January, 2017  

**Fiscal Policies, Guidelines, and Internal Best Practices**  
No service that the City provides to its community may be more crucial than the integrity and stewardship of public funds. Clear and transparent fiscal guidelines are critical. The City should constantly strive to be transparent, honest and fair in receiving, managing and spending public funds. Our integrity should be beyond reproach.  
Below is information for the Fiscal Policies, Guidelines, and Best Practices adopted by the City of Stayton and City Administrator. It is expected that all City of Stayton employees follow not only the language of these policies, but the spirit and intent of these polices. When in doubt, the employee should err on the side of caution.  

- Ordinance 877  
  - Amended by 959  
  - Resolution 750 Provides Exemptions  
- City of Stayton Fiscal Policies as adopted on October 17, 2016  

**City Administrator Adopted Internal Best Practices**  
Ordinance 877 gives significant authority and trust to the City Administrator and to staff. Internally, I want to impose additional restrictions and standards. These restrictions are done in an effort to understand that additional transparency and more conservative policies help foster, build, and maintain trust from the stakeholders of the community.  

**Contract Work:** Schedule of approved procurement methods for various goods, services, and capital.  
- All capital items above $35,000  
  - Competitive Bid with publication on City Website and Notice to ListServ  
- Professional services above $35,000  
  - Qualified Pool  
  - RFQ (Request for Qualifications) or RFP (Request for Proposals)
• Goods, services and capital projects less than $35,000, greater than $10,000
  o Solicit prices and or quotes from no less than three firms/individuals

• Goods, services less than $10,000
  o Utilize vendors, contractors, professionals previously selected

• Delegate authority to department heads for contracts of up to $25,000

**Notification of Governing Body and Approval**

Communication with the Governing Body naturally leads to communication with all stakeholders in the community. While many items may be adopted in the budget or discussed in other forums, it is critical that the communication continues and there is direction on when this communication shall incur.

• Advise City Council prior to awarding all contracts of more than $75,000, or
  o Projects of Council and or community interest of any dollar amount

• Capital projects not included in adopted budget
  o Advise Council of necessary change and estimated dollar amount
  o Secure Council approval to conduct procurement

City Council to consider awarding contract subject to the following
  o Demonstrated need
  o Value of services and or goods
  o Identification of funding
  o Budget adjustment if needed

**Purchasing Card Limits and Authority**

There have been no standards or uniformity in the issuance of City of Stayton Purchase Cards. This policy creates a hierarchy of purchasing authority germane to the employee’s relative position on the organization chart. If necessary this policy can be individually adjusted with the approval of the City Administrator based on a specific long-term need.
