Mr. Kinney reviewed the staff report and attachments for the Wastewater Treatment Facility Bid Review. He stated that the city received six bids. As part of the bid review process the three low bidders were asked to submit "qualifications and experience" statements to the City. R & G Excavating, Inc., James W. Fowler, and Slayden Construction Group submitted their statements. Using a strict interpretation of the bid documents, Keller Associates and City Staff completed a review of documents submitted and concluded that it was in the best interests of the City to reject all of the bids. Mr. Kinney reviewed the conclusions that were based on the submittals provided by each contractor.

Following the discussion, the City Council chose to reject all bids for the Wastewater Treatment Plant Improvements Project.

The meeting was adjourned at 6:50 pm.

Minutes transcribed by Rebecca Petersen, Deputy City Recorder.
