Section 5. Franchise Term. The rights, privileges and franchise herein granted shall continue and be in full force to and including the 17th day of APRIL, 1983.

The franchise may be renewed upon filing of an application for renewal with the City of Stayton, which application shall be reviewed by the City Council for continued compliance with this ordinance.

Section 6. Franchise Fee. In consideration of the franchise granted by this ordinance, the franchise shall monthly pay to the Treasurer of the City of Stayton 2% of the monthly gross receivables from the operation of such business within the City.

Section 7. Franchise Responsibility.

(1) The franchise shall:

(a) Dispose of solid wastes collected at a site approved by the local government unit having jurisdiction of or recover resources from the solid wastes, both in compliance with Chapter 459, Oregon Revised Statutes and regulations promulgated thereunder.

(b) Provide and keep in force public liability insurance in the amount of not less than \$100,000 for injury to a single person, \$300,000 to a group of persons and \$25,000 property damage, all relating to a single occurrence, which shall be evidenced by a certificate of insurance filed with the City Administrator.

(c) Within 30 days after the effective date of this ordinance, file with the City Administrator a written acceptance of this franchise.

(d) Provide sufficient collection vehicles, containers, facilities, personnel and finances to provide all types of necessary service or subcontract with others to provide such service pursuant to Section 12 of this ordinance. Where one or a few large customers require substantial investment in new or added equipment not otherwise necessary to service the franchised service area, the collector may require a contract with such sources providing that the customer will require and pay for service for a reasonable period of time. This contract exception is intended to assist in financing the necessary equipment and in protecting the integrity of the remaining service should the source or sources terminate collection service.

(e) Respond to any written complaint on service.

(f) Provide a transfer station, available to the public at reasonable times and reasonable rates.

(2) The franchisee shall not:

(a) Give any rate preference to any person, locality or type of solid waste stored, collected, transported, disposed of or resource recovered. This paragraph shall not prohibit uniform

classes of rates based upon length of haul, type or quantity of solid waste handled and location of customers so long as such rates are reasonable based upon costs of the particular service and are approved by the City Council in the same manner as other rates nor shall it prevent any person from volunteering service at reduced cost for a charitable, community, civic or benevolent purpose.

(b) Transfer this franchise or any portion thereof to other persons without the prior written approval of the City Council, which consent shall not be unreasonable withheld. A pledge of this franchise as financial security shall be considered as a transfer for the purposes of this subsection. The City Council may attach whatever conditions it deems appropriate to guarantee maintenance of service and compliance with this ordinance.

Section 8. Supervision. Service provided under the franchise shall be under the supervision of the Public Works Department. Franchises shall, at reasonable times, permit inspection of his facilities, equipment, financial records, and personnel providing service.

Section 9. Suspension, Modification or Revocation of Franchise.

(1) Failure to comply with a written notice to provide necessary service or otherwise comply with the provisions of this ordinance after written notice and a reasonable opportunity to comply shall be grounds for modification, revocation or suspension of the franchise.

(2) After written notice from the City Council that such

grounds exist, the franchisee shall have 30 days from the date of mailing of the notice in which to comply or to request a public hearing before the City Council.

(3) If the franchisee fails to comply within the specified time or fails to comply with the order of the City Council entered upon the basis of findings at the public hearing, the City Council may suspend, modify or revoke the franchise or make such action contingent upon continued noncompliance.

(4) At a public hearing, the franchisee and other interested persons shall have an opportunity to present oral, written or documentary evidence to the City Council.

(5) In the event that the City Council finds an immediate and serious danger to the public through creation of a health hazard, it may take action within a time specified in the notice to the franchisee and without a public hearing prior to taking such action.

Section 10. Preventing Interruption of Service. The franchisee agrees as a condition to his franchise that whenever the City Council determines that the failure of service or threatened failure of service would result in creation of an immediate and serious health hazard or serious public nuisance, the Council may, after a minimum of 24 hours actual notice to franchisee and a public hearing if franchisee requests it, authorize another person to temporarily provide the service or to use and operate the land, facilities or equipment of the franchise through leasing to provide emergency service. The Council shall return any seized pro-

perty and business upon abatement of the actual or threatened interruption of service.

Section 11. Termination of Service. The franchisee shall not terminate service to all or a portion of his customers unless:

(a) The street or road access is blocked and there is no alternate route and provided that the City of Stayton shall not be liable for any such blocking of access.

(b) Excessive weather conditions render providing service unduly hazardous to persons providing service or such termination is caused by accidents or casualties caused by an act of God or a public enemy.

(c) A customer has not paid for service provided after a regular billing and after a 7 day written notice to pay.

(d) Ninety days' written notice is given to the Council and to affected customers and written approval is obtained from the Council.

Section 12. Subcontracts. The franchisee may subcontract with others to provide a portion of the service where franchisee does not have the necessary equipment or service. Such a subcontract shall not relieve the franchisee of total responsibility for providing and maintaining service and from compliance with this ordinance.

Section 13. Rates. Rates for service shall be those contained in the document marked "Exhibit A", attached hereto and by this reference hereby incorporated in this ordinance. Changes in rates shall be made only by ordinance amending "Exhibit A".

Section 14. Public Responsibility. In addition to compliance with ORS Chapter 459 and regulations promulgated pursuant thereto:

(1) To prevent recurring back and other injuries to collectors and other persons and to comply with safety instructions to collectors from the State Accident Insurance Fund:

(a) No garbage can shall exceed 60 pounds gross loaded weight nor 32 gallons in size. Only round garbage cans shall be used. Cans should be tapered with a smaller bottom than top opening.

(b) Sunken refuse cans or containers shall not be used.

(c) To protect against injuries to users or collectors, to protect against damage and spilling during cold weather and to protect against rodent hazards, metal or heavy plastic garbage cans shall be used and shall be rigid, rodent and fireproof.

(d) The user shall provide safe access to the pickup point so as not to jeopardize the safety of the driver of a collection vehicle or the motoring public or to create a hazard or risk to the person providing service. Where the Council finds that a private bridge, culvert or other structure or road is incapable of safely carrying the weight of the collection vehicle, the collector shall not enter onto such structure or road. The user shall provide a safe alternative access point or system.

(2) To protect the privacy, safety, pets and security of customers and to prevent unnecessary physical and legal risk to the collectors, a residential customer shall place the container to be emptied outside of any locked or latched gate and outside

of any garage or other building.

(3) No stationary compactor or other container for commercial or industrial use shall exceed the safe loading design limit or operation limit of the collection vehicles provided by the franchisee serving the service area. Upon petition of a group of customers reasonably requiring special service, the Council may, where economically feasible, require the franchisee to provide subcontract provisions for vehicles capable of handling specialized loads.

(4) To prevent injuries to users and collectors, stationary compacting devices for handling solid wastes shall comply with applicable federal and state safety regulations.

(5) Any vehicle used by any person to transport solid wastes shall be so loaded and operated as to prevent the wastes from dropping, sifting, leaking, blowing, or other escapement from the vehicle onto any public right of way or lands adjacent thereto.

(6) Any person who receives service shall be responsible for payment for such service. When the property owner of a single or multiple dwelling unit or mobile home or trailer space has been previously notified in writing by the franchisee of his contingent liability, the property owner shall be responsible for payment for service provided to the occupant of such unit if the occupant does not pay for the service.

Section 15. Construction. Any finding by any court of competent jurisdiction that any portion of this ordinance is unconstitutional or invalid shall not invalidate any other provision of this ordinance.

Section 16. Penalties. Violation of any person of the provisions of this ordinance shall be deemed to be a misdemeanor and shall be punishable upon conviction by a fine of not more than five hundred dollars (\$500) or by imprisonment in the county jail for not more than six (6) months or both.

Section 17. City Enforcement. The City of Stayton shall enforce the provisions of this ordinance by administrative, civil or criminal action as necessary to obtain compliance with this ordinance.

Section 18. Emergency Clause. To provide for safe and sanitary solid waste management in the City and thereby preserve the health, safety and welfare of the residents thereof, an emergency is declared to exist and the terms and provisions of this ordinance shall become effective upon enactment of this ordinance.
