

RESOLUTION NO. 413

A RESOLUTION TO CREATE A LOCAL IMPROVEMENT DISTRICT FOR JEFFERSON STREET, THIRD AVENUE TO SIXTH AVENUE, CITY OF STAYTON.

WHEREAS, the Common Council of the City of Stayton deems it appropriate to initiate a Local Improvement District (hereinafter LID) for the improvement of JEFFERSON STREET, THIRD AVENUE TO SIXTH AVENUE;

NOW THEREFORE,

THE STAYTON CITY COUNCIL HEREBY RESOLVES AS FOLLOWS:

SECTION 1: DECLARATION OF INTENT TO CREATE AN LID

The City Council hereby declares its intent to create an LID, the nature and scope, boundaries, and proposed assessment formulas of which are as follows:

1. NATURE AND SCOPE OF THE IMPROVEMENT

The Jefferson Street improvement from Third Avenue to Sixth Avenue (approximately 900 feet in length) includes installation of concrete curbs, sidewalks, and driveways where none presently exist, and replacement of those in poor condition or which cannot be incorporated into the final design of the street and drainage system. Also included are storm drainage facilities, such as piping, manholes, and catch basins, to properly drain the project site. Reconstruction of the street shoulder areas and center paved section will be completed to develop a finished paved section forty feet wide between curbs. Miscellaneous incidental work related to the construction improvement, such as adjusting grades on manhole lids, and valve and meter box lids, will also be included in the project.

A water line replacement is recommended by the City's master plan and will be installed to replace an old 4 inch main and to upgrade the distribution system. The water line will not be included in the assessed portion of the street improvements.

2. BOUNDARIES OF THE LID

The boundary of the improvement district includes all those lots adjacent to Jefferson Street between Third Avenue and Sixth Avenue.

3. ASSESSMENT FORMULA

The proposed assessment formula consists of a pro rata sharing of the improvement costs based on front footage of the lots abutting the public improvement. The estimated cost of the project amounts to \$54,342, of which \$32,458 is to be assessed to the benefitting properties, yielding a front foot cost of approximately \$25.04 ($\$32,458 \div 1296 \text{ front feet} = \$25.04 \text{ assessment per front foot}$). The estimated assessment for each lot is shown on the preliminary engineering report.

The maximum interest rate to be charged will be not more than 2 percent above prime lending rate and shall be established at the public hearing prior to bid.

SECTION 2: PUBLIC HEARING

1. The Stayton City Council will hold a public hearing at 8:00 p.m. on 22 May 1989 at the Stayton Community Center, 400 W. Virginia Avenue, Stayton, Oregon, respecting creation of the LID, and legal notice of the hearing shall be published in The Stayton Mail on 9 May 1989, and notices shall be mailed to the affected property owners not later than ten (10) days prior to the public hearing.
2. Notice of the public hearing shall include statements that:
 - a. The City Administrator has on file at City Hall a written engineer's report which describes the project, estimated costs, all properties to be specifically benefitted by the improvement, the estimated total cost of the improvement to be paid for by special assessments to benefitted properties and an estimate of the unit cost of the improvement and each property to be specially assessed and that

this engineer's report is available for public inspection;

- b. The City Administrator shall prepare and distribute a survey to the property owners to be specially assessed for the public improvement and results of the survey shall be tabulated and provided to the Council at the public hearing;
- c. The City Council will consider all objections and remonstrances to the proposed improvement at the public hearing; and
- d. If prior to the public hearing there are presented to the City Administrator valid written remonstrances of the owners of two-thirds of the property to be specially assessed by the proposed public improvement, then the improvement will be abandoned by the City or suspended for at least six (6) months.

SECTION 3: DECISION TO PROCEED OR ABANDON PROJECT FOLLOWING PUBLIC HEARING

During the Hearing, the City will consider all written remonstrances. If the written remonstrances represent owners of less than two-thirds of the property, the Council may proceed with the project. The City Council may, at the time of the hearing or within sixty (60) days thereafter: 1) adopt, correct, modify, or revise the proposed assessments, and 2) order the improvement to be carried out in accordance with this resolution, or 3) abandon the proposed improvement project.

PASSED BY THE COMMON COUNCIL THIS 15th DAY OF MAY,
1989.

SIGNED BY THE MAYOR THIS 22nd DAY OF MAY, 1989.
