

RESOLUTION No. 74

WHEREAS, the intersection of the Stayton-Sublimity highway with Shaff Road is an intersection where traffic is obscured from view to traffic approaching the intersection from the south by a hill top, and

WHEREAS, it is obvious on a casual inspection that lowering of the hill top by six or eight feet would make traffic at the intersection visible to traffic approaching from the south, and

WHEREAS, it is the sincere opinion of our representatives who inspected the site that a minimum of expenditure on this location by excavating a distance of about 300 feet would produce a maximum of improvement to a heavily traveled section of highway

BE IT HEREBY RESOLVED that the State of Oregon Highway Department be requested to make the above described highway improvement.

Adopted this 7th day of February, 1966, by the City Council of the City of Stayton, Stayton, Oregon.

W. F. Mosey
