

Early Learning Activities

December 2020

Read-Write-Talk-Sing-Play

Try any or all of these activities to encourage learning!

Set a goal, "Let's put all the toys away in 10 minutes! Ready, set, go." Make it a game & praise a job well done.

Sing through an action as you do it; "This is the way we tie our shoes, tie our shoes" etc. & repeat

Open the spice cabinet & explore your senses. Ask your child to describe what they smell. Make a list of the ones they like.

As young ones handle toys & objects describe how the items feel, look, & sound.

Make an obstacle course, include skipping, jumping; use pillows, chairs, boxes, etc. Change a bit & do again.

Paint or draw while listening to music—all kinds. Jot down what they say while they are doing it.
