

Early Learning Activities

January 2021

Read-Write-Talk-Sing-Play

Try any or all of these activities to encourage learning!

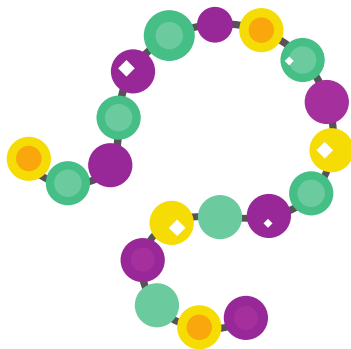

Run your finger left to right under some words as you read..

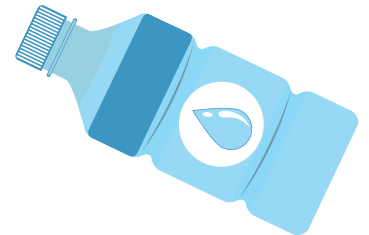

Make a shaker with a child-safe bottle and rice. Shake to the syllables in songs!

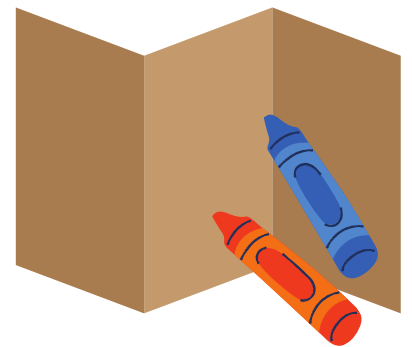

Make a necklace with yarn and cut colored straws, beads, pasta, or fruit loops.

Write your child's name in glue and have her put pom poms over the glue.

Have fun opening and closing twist-top jars or bottles. Use them for sorting, too!

Fold a piece of paper into fourths. Have your child draw pictures & help her write the story the pictures tell. Read the new book together.

Thanks to Oregon Library Association Children's Services Division
