

# STAYTON PUBLIC LIBRARY

inspire. learn. discover.  
staytonlibrary.org

## WHAT'S HAPPENING AT THE STAYTON PUBLIC LIBRARY

Stayton Public Library ended their Summer Reading Program strong. Over the course of the program kids read over 110,000 minutes and teens and adult read over 1,400 books!

### Curbside Pickup Updates

We are continuing curbside pickup by appointments. Staff are manually sending out hold notices at this time, so depending on volume there may be a delay.

The CCRLS courier is now running however, it is limited. Please keep in mind that it is taking longer than usual to receive items from other libraries and all items have to be quarantined. You are welcome to place holds on other libraries' materials, we just won't be able to give you an expected arrival.

### Need help finding something new to read?

We are in the process of adding Book Lists to our web site on different genres and topics to help you find something new to read. Check them out on our pages for kids, teens, and adults! You can also fill our our form to get personalized recommendations or even call us and staff can choose some items we think you might like.

### Coming in September 2020

We will have monthly take and make projects for kids, teens, and adults that you can pick up from the Library and create at home. The first kit will be available September 8. For more information on kits as well as upcoming virtual events visit [staytonlibrary.org](http://staytonlibrary.org) or call 503-769-3313.
