

**CITY OF STAYTON**  
**APPLICATION FOR COMPREHENSIVE PLAN AMENDMENT**  
**APPLICATION AND DECISION MAKING PROCEDURES**

Prior to submittal of an application, a pre-application meeting with City Staff is required. A completed pre-application form and sketch plan drawing need to be submitted at least 14 days in advance of the meeting, along with the \$500 fee. Meetings are held every Thursday afternoon.

**1. APPLICATION FEE**

Submission of a completed application form, with a plan and attachments, and payment of the application fees are required before the review process begins. The application and fees shall be submitted to the Economic and Community Development Department during regular business hours. **The fee for this application is \$2,500.**

**2. REVIEW FOR COMPLETENESS AND SCHEDULING A HEARING**

The City Planner will review the submitted application for completeness and, within 30 days from the date of submittal, determine if the applicant has provided all required information. If the application is incomplete, the City Planner will notify the applicant of the items which need to be submitted. Once the application is deemed complete, the Planner will schedule a hearing before the Stayton Planning Commission. Planning Commission meetings are regularly scheduled for the last Monday of the month. State law requires the City to notify the Department of Land Conservation and Development 35 days before the first hearing on any amendment to the comprehensive plan. This will be taken into consideration when the first hearing is scheduled.

**3. STAFF REPORT**

Once a hearing date is set, the City Planner will prepare a staff report summarizing the applicant's proposal, the decision criteria, comments from other agencies or the public, and address whether the application complies with code requirements or suggest conditions to meet those requirements. A copy of the staff report will be provided to the applicant no less than 7 days prior to the public hearing.

**4. PUBLIC HEARING BEFORE THE STAYTON PLANNING COMMISSION**

Prior to the public hearing, notice is required to be sent to all property owners within 300 feet of the property 20 days before the hearing. The hearing is to give all interested parties an opportunity to comment on the application. The hearing is conducted by the Chairperson in accordance with the Stayton Public Hearing Rules of Procedure. These rules are available at City Hall.

At the conclusion of the hearing and deliberation, the Planning Commission will adopt an order recommending action to the City Council stating the decision criteria, findings of fact, conclusions whether the application meets any applicable standards and the Commission's decision. The Commission may decide to recommend denial, approval, or approval of the application with changes.

**5. PUBLIC HEARING BEFORE THE STAYTON CITY COUNCIL**

Amendments to the comprehensive plan must be adopted by ordinance. Therefore, a second public hearing will be scheduled before the Stayton City Council. A notice is required 10 days prior to the hearing, which will be held at the regular Council meeting, on the first or third Monday of every month. Staff reports, Planning Commission findings, and any new information will be presented to Council for consideration. The purpose of the hearing is to receive further public testimony, to review the application and consider the Planning Commission's recommendation. Generally, the Council will make a decision at the conclusion of the hearing process, but may delay the decision for further information or action by the applicant. The Council will then adopt an order either approving or denying the application and subsequently an ordinance.

**6. APPEALS**

Council actions may be appealed to the State Land Use Board of Appeals pursuant to ORS 197.805 through 197.855.

### QUESTIONS TO BE ADDRESSED IN NARRATIVE STATEMENT

The Stayton Planning Commission, with assistance from the Planning Department and the Public Works Department will use the information provided by the applicant to analyze the merits of this application. A decision to approve or deny the application is made based on how well the applicant presents information to show the application meets the standards and criteria set forth in the Stayton Land Use and Development Code 17.12.170.5. Please provide the following information in full and attach to this application as Exhibit B.

1. How is the amendment consistent with the goals and policies of the Comprehensive Plan, the statewide planning goals, and any relevant area plans adopted by the City? In the case of a Comprehensive Plan Map amendment, how does the requested designation for the site compare with relevant Comprehensive Plan policies and, on balance, more supportive of the Comprehensive Plan as a whole than the old designation?
2. Why does the current Comprehensive Plan not provide adequate areas in appropriate locations for uses allowed in the proposed land use designation? How is the addition of this property to the inventory of lands for the proposed designated consistent with projected needs for such lands in the Comprehensive Plan?
3. Explain how the amendment is in compliance with the statewide land use goals that apply to the subject properties or to the proposed land use designation. If the proposed designation on the subject property requires an exception to the Goals, how does the proposal comply with the applicable criteria in the LCDC Administrative Rules for the type of exception needed?
4. Are existing or anticipated transportation facilities adequate for the uses permitted under the proposed designation? Is the proposed amendment in conformance with the Oregon Transportation Planning Rule (OAR 660-012-0060)?
5. How does the current Comprehensive Plan Map provide more than the projected need for lands in the existing land use designation?
6. Are the public facilities and services necessary to support the uses allowed in the proposed designation available or likely to be available in the near future?
7. How will the uses allowed in the proposed designation affect existing or planned uses on adjacent land?
