Restrictions on Location of Mobile Food Units

- (a) Mobile food units may only operate in zones where eating and drinking establishments are allowed as a permitted use or use permitted after site plan review or in the parking area of a manufacturing business for the purpose of primarily serving the employees of that manufacturing business.
- (b) Mobile food units shall not operate or be located in a public right-of-way. Mobile food units may operate on city-owned property provided the licensee is granted a site specific permit which shall be displayed conspicuously on-site.
- (c) A mobile food unit may only operate in an approved parking lot, or other hard surface area, where the off-street parking requirements for all uses or activities served by the off-street parking area are met. The unit shall be located such that the queue of customers at an ordering or serving window do not block a public sidewalk. The customer queue shall allow a continuous through pedestrian zone of at least five feet in width along the sidewalk.
- (d) The location standards above do not apply to mobile food units which operate as a vendor within an approved community event or where a street closure permit is granted.

Operational Standards.

- (a) A mobile food unit, including all items associated with the operation, shall not obstruct pedestrian pathways, driveways or drive aisles of any off-street parking area and shall not be located in the sight distance triangle or so as to create a traffic or safety hazard.
- (b) All mobile food units which are parked in a stationary location for a period of 24 hours or longer shall provide screening for all conduit, tanks, and storage areas from all public areas and streets by sight-obscuring fencing and/or temporary landscaping and skirting shall be provided along the perimeter of the mobile food unit.
- (c) Mobile food units may not be permanent structures and must remain capable of being moved, with wheels attached.
